

PRODUCT SPECIFICATION

Product: Benzoic Acid USP FCC powder

CAS No.: 65-85-0

Packaging: 50lb drum

Other: Kosher: Star K; Indian FDA Schedule M Certification

Characteristics: White, odorless powder, soluble in alcohol and slightly soluble in water.

Specification	Standard
Assay	99.5-100.5%
Identification	To pass test
Congeeing range (solidification point)	121-123°C
Water	0.7% max
Residue on ignition	0.05% max
Heavy metals	10 ppm max
Lead	2.0 mg/kg max
Readily carbonizable substances	To pass test
Readily oxidizable substances	To pass test
Residual solvents	To pass test
Particle size	100% thru 100 mesh
Residual solvents	Meets requirements
